

Ming-Han Li, PhD, AICP, PE, PLA
Fellow, Council of Educators in Landscape Architecture
Fellow, American Society of Landscape Architects

Ming-Han Li is dean and professor at the University of Texas at Arlington. Previously, he served as director of the School of Planning, Design and Construction at Michigan State University. A fellow of both the American Society of Landscape Architects and the Council of Educators in Landscape Architecture, he has authored, co-authored and edited more than 60 peer-reviewed journal articles and conference proceedings. Before that, he has taught at Texas A&M University and received tenure and promotion to full professor there. Li has served the Council of Educators in Landscape Architecture (CELA) in various positions, including president, past president, president-elect, vice president for research, 2nd vice president and track chair. He has also served on the Transportation Research Board Committee AKD40 Landscape and Environmental Design. Li was once honored as one of the top 25 most admired design educators in the US by *DesignIntelligence*.

Dean Li's unique strength is his interdisciplinary professional background. He is a certified planner, professional engineer and professional landscape architect, with a bachelor of science degree in agricultural engineering (National Taiwan University), master of science in civil engineering (The University of Texas at Austin), both master of landscape architecture and PhD in urban and regional sciences from Texas A&M University (TAMU).
